

## SOMEWHERE (D Tek)

Alone on the train  
Coming home from school  
His mom drives him insane  
She's going out with some fool

Somewhere there's a father  
Somewhere there's a man  
Somewhere there's a future

He hopes he's not there  
He wished that he was strong  
And if he knew how to fight  
He'd make him gone

Somewhere there's a father  
Somewhere there's a man  
Somewhere there's a future

Little sister's scared  
Whenever he's been drinking  
He might do anything  
Don't even know what he's thinking

Somewhere there's a father  
Somewhere there's a man  
Somewhere there's a future
